**GOVERNMENT FLEET DIVISION CIRCULAR NO. 31/98**

**Speeding Limit - Government Dockyard**

It has brought to our attention recently that some drivers were driving exceeding the stipulated speed limit within the Government Dockyard, causing danger to the pedestrians passing-by.

2. The speed limit in Government Dockyard is 10km/hour. A traffic sign indicating the speed limit has been erected at the main entrance. All drivers of vehicles permitted to enter Government Dockyard are reminded to adhere to the speed limit strictly whilst driving in the dockyard. Otherwise, the Government Dockyard Car Entry Permit issued to their vehicles will be cancelled and their vehicles will not be allowed to enter the Government Dockyard thereafter.
