HONG KONG MERCHANT SHIPPING NOTICE

Merchant Shipping (Safety) (Passenger Ship Construction)(Ships Built Before 1 September 1984) Regulations**Electrical Equipment and Installations**

To : Shipowners, Masters, Agents and Classification Societies

Summary

The purpose of this Notice is to specify the standards required for electrical equipment and installations under Merchant Shipping (Safety) (Passenger Ship Construction) (Ships Built Before 1 September 1984) Regulations.

1. Electrical equipment and installations referred to in Part IV of the Merchant Shipping (Safety) (Passenger Ship Construction)(Ships Built Before 1 September 1984) Regulations shall, except to the extent that they are inconsistent with the above Regulations, conform with the Regulations for the Electrical and Electronic Equipment of Ships, 5th edition (1972) issued by the Institution of Electrical Engineers (IEE), U.K.. In such ships electrical equipment and installations shall also comply with the Recommended Practice for the implementation of the IEE Regulations for the Electrical and Electronic Equipment of Ships 1972 as amended in 1974, 1977 and 1982.
2. Any reference in the IEE Recommended Practice 1972, as amended in 1974, 1977 and 1982, to a British Standards Institution standard shall be taken to include any other standard accepted by the Director of Marine as being equivalent thereto.
3. Publications issued by the IEE may be obtained from the Institution at Savoy Place, London WC2R 0BL.
4. The electrical equipment and installations shall also be in compliance with the electrical requirements of the classification society under which the ship is classified.
