

**MARINE DEPARTMENT NOTICE NO. 62 OF 2009**

(Marine Works)

**Temporary Establishment of a Current Meter  
off Yau Kom Tau and at Western Dangerous Goods Anchorage**

**NOTICE IS HEREBY GIVEN** that a current meter has been established on the seabed in each of the following locations:

**Co-ordinates (WGS 84 Datum)**

**Location (A):** 22° 21.907'N 114° 05.440'E  
(Yau Kom Tau)

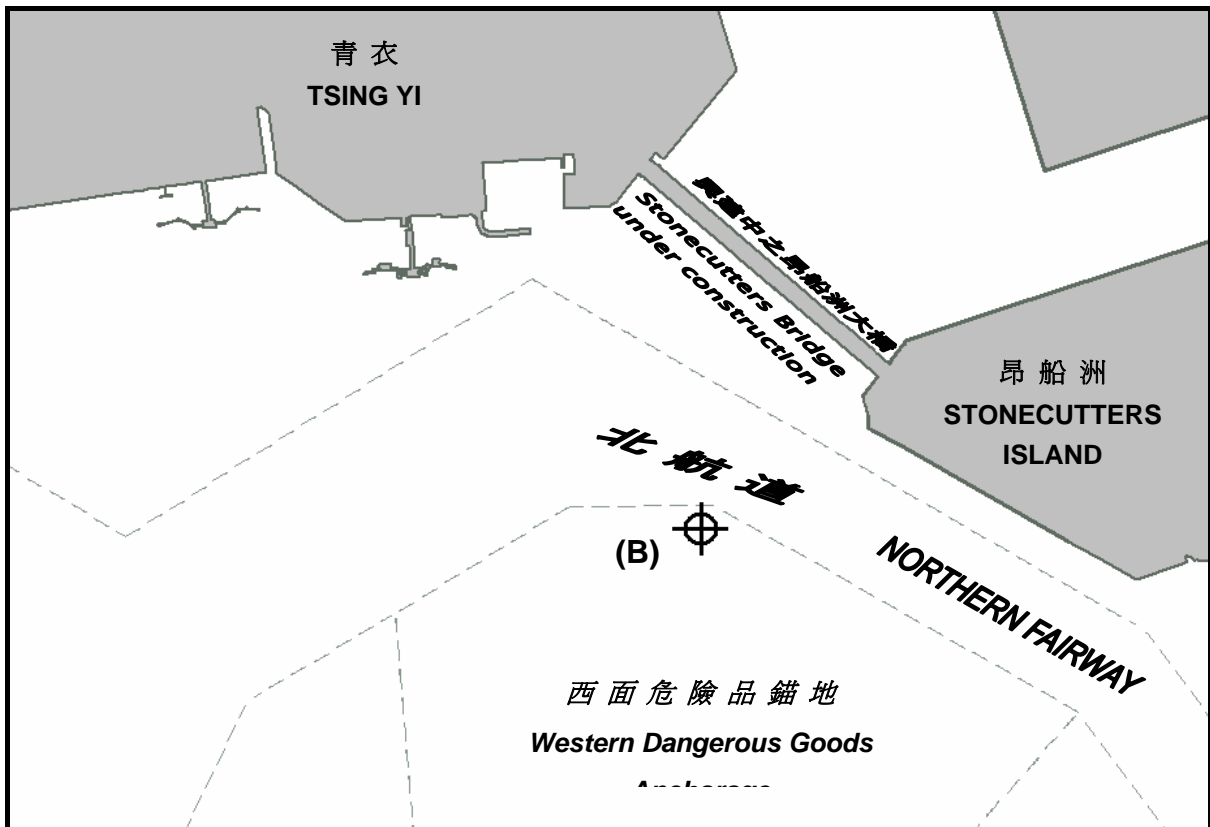

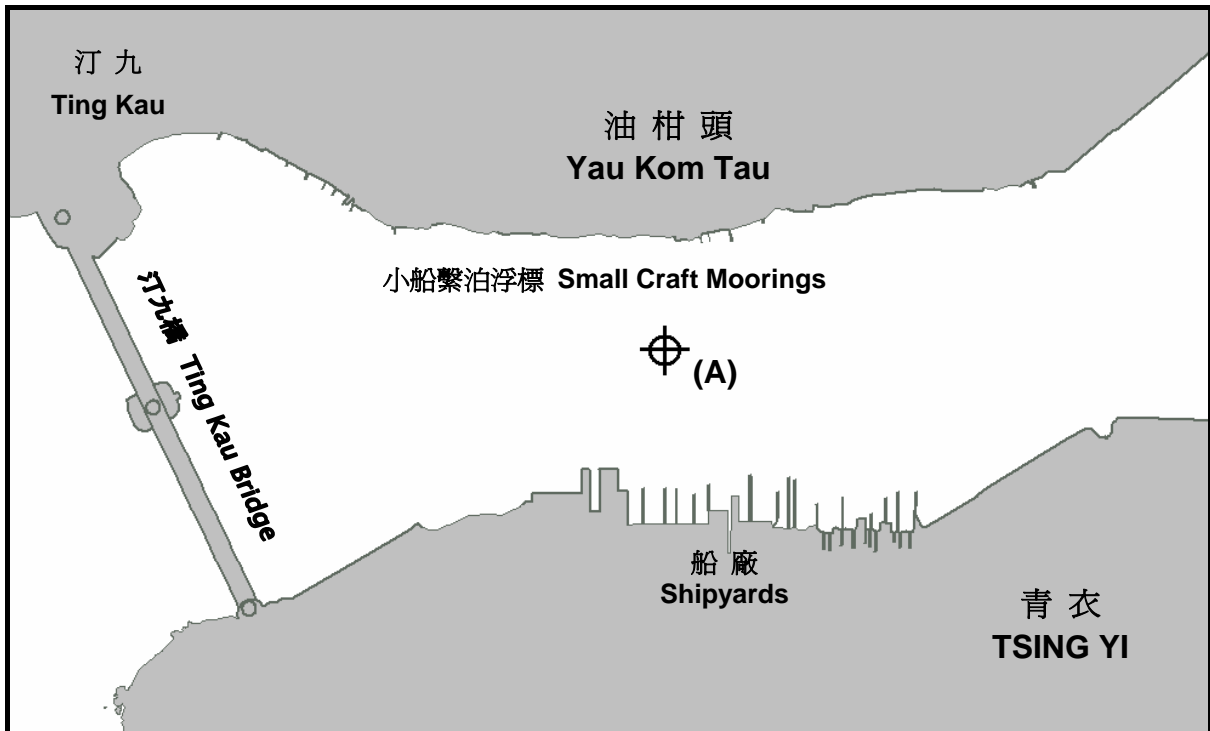

**Location (B):** 22° 19.134'N 114° 06.999'E  
(Western Dangerous Goods Anchorage)

2. The current meter is an instrument for collecting current profiles e.g. set and rate of current. It is a circular shape structure of 0.5 metres high and about 1.5 metres in diameter. Its bottom is embedded in the seabed.
3. The current meters will stay in their positions for about 12 months followed by a retrieval operation. Regular diving operations will be conducted at about three months' intervals for carrying out inspections.
4. A drawing showing the locations of the current meters is attached to this Notice.
5. This Notice supersedes Marine Department Notice No. 34 of 2009.

**R. F. Tupper**
