4. The works will normally be carried out round-the-clock.
5. Omni Taran will display signals as prescribed in international and local regulations.
6. Vessels navigating in the vicinity should proceed with caution at a slow speed and give a wide berth to the works area, bearing in mind that there are cables and wires extending from the ship's side of Omni Taran and her manoeuvrability will be severely restricted.
7. A drawing showing the works area is attached to this Notice.
