Checklist for planned maintenance focused inspection campaign

AMSA surveyor's will be using the checklist below when inspecting ships as part of our planned maintenance focused inspection campaign.

Use this checklist to prepare for the inspection. Below is a sample of the focused inspection campaign checklist.

No.	Question	Yes	No	NA
1	Have survival craft falls been inspected periodically, with special regard to areas passing through sheaves?			
2	Have the procedures for permits to work been used onboard?			
3	Have the IMO Guidelines for fixed carbo dioxide fire-extinguishing systems been incorporated in the maintenance plan??			
4	Have the air pipes to ballast and other tanks been maintained after survey?			
5	Have maintenance inspections been held at intervals in accordance with the SMS?			
6	Has the Sewage Treatment Plant been maintained to conform to the provisions of MARPOL Annex IV?			

7	Have essential software, such as engine and generator control system software, been maintained in accordance with manufacturer's instructions?			
8	Has the inventory and inspection of cargo securing equipment been conducted by the ship's crew?			
9	Has the ship been maintained after survey?			
	POST INSPECTION			
	Have deficiencies been issued as part of the FIC?			
	Has the ship been detained as part of this FIC?
