### General

1. The title of the scheme is “Green Vessels Registration Incentive Scheme”, opens for application on Q2 2026 with duration of three years.
2. The Scheme aims to further enhance the overall competitiveness of the Hong Kong Shipping Registry (“HKSR”) and promote green transformation of Hong Kong-registered ships. The Scheme is in line with the International Maritime Organization strategy to reduce greenhouse emissions from international shipping and will help attract registration and retention of green fuel-powered ships to register with the HKSR.
3. All Hong Kong-registered ships that use green maritime fuel as their primary propulsion fuel will be eligible to apply. An incentive of HK\$60,000 will be granted for successful application each year. A total amount of \$180,000 will be granted to a ship for successful applications throughout the three-year period.  
The incentive will only be granted one time each year to each eligible Hong Kong-registered ship.
4. Green maritime fuels refer to gases or other low flash-point fuels, including but not limited to liquefied natural gas (“LNG”), methanol, ammonia, hydrogen, but excluding conventional fuels and biofuels
5. Any Hong Kong-registered ship with IMO no. is eligible to join the Scheme. The status of Hong Kong-registered ship must be maintained on the date the incentive is granted.
6. Applicant can be the ship owner, demise charterer, representative person, ship management company or ship agent. Authorization for making the application and declaration is required.
7. Completed application form together with copies of all supporting documents be submitted to the Ship Registration Services Section either by post (Marine Department, Room 302, 3/F, Harbour Building, 38 Pier Road, Central, Hong Kong) or e-mail ([greenincentive@mardep.gov.hk](mailto:greenincentive@mardep.gov.hk)).
